

## Fellowship Program for the Nuclear Medicine Physician

Fellowship Program for Nuclear Medicine Physician- from Asian Countries participating ARCCNM

The Department of Nuclear Medicine, Seoul National University College of Medicine, Seoul, KOREA (IAEA collaborating center for nuclear medicine and molecular imaging) invites applications for Fellowship Program for Nuclear Medicine Physician in Asia.

The program covers training in the field of nuclear medicine and molecular imaging and will start from March 2010 for 1 year course. We will support 2,000,000 KRW (about \$1,700) per month for the stipend and a round trip flight of economy class. At the end of training, participants should present abstract(s) in the major international meetings such as Society of Nuclear Medicine, European Association of Nuclear Medicine and World Molecular Imaging Conferences and submit this manuscript to peer reviewed journals. Applicants must have an MD degree in Asia and nuclear medicine practice licensure according to each country's rules and regulations. He or she should have minimum 1 year of experience in the field of Nuclear Medicine. Excellent competence in oral and written English is essential.

Applicants should send 1. Application form 2. A recommendation letter 3. A copy of passport 4. A copy of MD license 5. A copy of diploma or Certificate of Graduation 6. Employment certificate to Dong Soo Lee, M.D.Ph.D.
